Subjects.

1. Executive Engineer's No. 4725—1495, dated 27th November 1894, forwarding an estimate for Rs. 4,084 for special repairs of Bangalore-Mysore road. The Board agrees to granting Rs. 1,500 this year.

2. Allotment of Funds for special repairs of Bangalore-Suburban roads. Estimate for Rs. 867 received with the Executive Engineer's No. 4724—1494, dated 27th November 1894, having been returned countersigned. Ditto ditto Rs. 500.

3. Employment of a Brahmin servant and purchase of cooking utensils for the Musafarkhana at Dodballapur. Government Proceedings Muzrai No. 488, dated 10th November 1894. The Board agree to grant a lump sum of Rs. 120 for the utensils and to allot Rs. 120 per annum for maintenance with the following establishment:—

	Rs.	a.
One Brahmin care-taker	..	0 0
One sweeper	..	3 8
Lighting, &c.	..	0 8

Total.. 10 0

4. Anekal Amildar's arzi No. 494, dated 18th November 1894, regarding the proposal to fix a lamp post in front of the Police Station at Hebodi. This is a general question which will establish a precedent if sanction is accorded in this individual case. May be considered in the next meeting before the Deputy Commissioner.

5. Executive Engineer's No. 4129—1289, dated 17th October 1894 regarding the construction of a road from Bidadi to Harohalli. The Board considers that there is no question about the utility of this road as well as its extension from Bidadi towards the Magadi road; but as funds may not be sufficient for making a road the whole length, the road may be simply aligned and culverts and Irish drains constructed wherever necessary. The Executive Engineer may be requested to estimate for these culverts and give the Board an idea of the cost as approximately as possible.

6. Making a road from Gavipuram to Dodbasavanna's temple. As the work has already been sanctioned the Board think it is undesirable to cancel the work now. Owing to the resort of women and children to the place, the road will always be a useful one.

7. Correspondence ending with the Chief Engineer's No. 2106 of the 15th January 1895, regarding the construction of a feeder road from Devankundi Railway Station to Tirupati. The Board are of opinion that the Amildar should confer with all the raiyats concerned and report how many village raiyats agree to the road as aligned by the Public Works Department and how many object. If only the raiyats of one or two villages object, the project cannot be given up on that account.

8. Executive Engineer's No. 6—1, dated 26th December 1894, forwarding a list of modifications required in the Budget grant for Public Works Department works. The Board agree to grant the Rs. 6,200 applied for by the Executive Engineer out of the balance.

9. Contribution towards the improvement of dispensary at Channapatna. Executive Engineer's No. 29—9, dated 7th January 1895. The Board agrees to grant their share of the excess expenditure of Rs. 267 over the Budget allotment i.e., $\frac{1}{3}$ of Rs. 267 or Rs. 89.

10. List of estimates not provided in the Budget or exceeding the Budget grant sanctioned. The Board agree to allot Rs. 2,128 for the Revenue works in separate statement.

11. Installation of His Highness the Maharaja Sri Krishnaraja Wodeyar Bahadur. The Board agree with acclamation to the telegram of congratulation proposed to be sent to His Highness the Maharaja on the Installation day.

C. BAGHAVACHARLU, for President.
